## Andrew Olson Claims \$250 Damages from City

"G" Company expresses appreciation for Remembrance. Salary Question referred to Council in Committee of the Whole. Will submit Gas Plebiscite. Applications wanted for Appointive Offices.

An adjourned meeting of the city council was held on Tuesday evening with all members present except Ald. Cutler. A large number of ratepayers were in attendance to witness the proceedings, but nothing of a sensational nature developed.

Engineer Crane reported as to the approximate cost of having runners procured for the hose wagon, also the cost of having the chemical engine fitted up as a horse drawn vehicle. The matter was referred to the fire and water committee to report.

A letter was read from the Canadian Municipal Journal asking for a subscription for the council at the rate of \$10 a dozen, which would include a copy of the year book. The clerk was instructed to write stating that the council could not subscribe this year.

A letter was then read from Alex. Knox on behalf of Andrew Olson claiming \$250.00 damages in settlement of an assault alleged to have been made upon him by Constable Crum on the evening of December 31, when he was thrown down by Crum and had his hip injured. The committee to investigate and report. Carried.

Engineer Crane reported that the supply of gas for the fire extinguisher was almost exhausted. He was instructed to secure another supply at once.

The gas committee reported that the pump to be used for pumping the water from the wells had been ordered. The No. 3 well would be sunk to the 1500 foot level shortly. It was recommended that Mr. Crane submit an estimate of the amount required to sink No. 3 well to 3000 feet if necessary to strike a good flow of gas, and a by-law authorizing the expenditure will be submitted to the ratepayers for approval.

Compton-Boyer—that the report be received and adopted. Carried.

Ald. Compton gave notice that he would at the next regular meeting introduce a by-law to raise money for natural gas purposes.

A letter was then read from members of "G" Company, 35th Battalion, in camp at Calgary, thanking the council for the expressions of goodwill, and for the New Year's remembrance sent to them by members of the new council. The letter was ordered filed.

By-law No. 278 authorizing the issuance of debentures for \$2985.40 for the purpose of meeting concrete sidewalk expenditures last year, was adopted three times and finally passed.

By-law No. 279 authorizing the issuance of debentures for \$2768.31 for expenditures caused by the laying of additional sewers in the city.

## Do Citizens Want Deep Gas Well?

W. R. Martin, of the International Supply Company, Limited, was in the city the fore part of the week, and submitted a proposition to the council to sink No. 3 gas well to a depth of 3,000 feet if necessary to strike a good flow of gas. We understand the offer is to continue drilling at the rate of four feet per day, being paid, and the International Supply Co. will take the debentures from the city at 95 as soon as they are ratified by the ratepayers. This offer of Mr. Martin enables the city to finance the proposition at once, and by-law is being prepared and a plebiscite will be taken as soon as possible. Mr. Martin is strongly of the opinion that a big flow of gas should be struck at between 2200 and 2300 feet. The log of the well here is very similar to the well at Viking, where the big flow was struck a few weeks ago.

## Liberal Convention To Elect Candidate

A Liberal Convention for the Federal Constituency of Strathcona, will be held at Wetaskiwin, on Friday, January 22, at the hour of 7 p.m. to 10 p.m., for the purpose of electing a candidate to support the Liberal party in the House of Commons.

The election of delegates to attend the convention, will be held throughout the constituency on Tuesday, January 19, at the hour of seven p.m. Delegates are elected on the basis of one for each one hundred votes, as at the last Dominion election, and an additional delegate for each one hundred votes or fraction thereof, in addition to the first one hundred votes. No proxies will be recognized, and all delegates must be elected.

While all Liberal residents are invited to attend the convention, it is urged that there be present the full representation of delegates from each and every polling subdivision.

S. G. TOBIN, Conveener

Appointed by the Federal Liberal Executive of Alberta.

Any man who loses his temper with a horse has less sense than the animal. Admirable luck reasoning power and should be excused for some of their blunders. But many get elated and cursed for things for which we are mostly to blame. Animals are largely creatures of habit and we teach them to do the very things which we condemn them for doing. For instance, if a horse is constantly kept in a state of apprehension he will do foolish things right along and we are to blame.

## Important Citizens' Meeting

W. J. Magrath will report on Work of Edmonton Industrial League on Monday Evening.

An important meeting, and one which should be of the greatest interest to every resident of the city and community, will be held in the council chamber on Monday evening, next, January 18, commencing at eight o'clock sharp. W. J. Magrath, president of the Edmonton Industrial League will be the principal speaker of the evening, and he will explain in detail the development made by the league since its inauguration and the excellent work it is endeavoring to do in inducing farmers to locate in Central Alberta. It will be remembered that the Wetaskiwin district pledged itself to lease a space in a building procured by the league for the purpose of exhibiting the products of the district, and no doubt, at this meeting, further arrangements will be made for the collecting and arranging of the exhibit. It is urged that there be a large attendance of the citizens and farmers at this meeting, as it is of the greatest importance to Wetaskiwin.

## Wetaskiwin Women's Relief Corps

Summary of Work done. Articles Received Every Wednesday Afternoon at Rooms.

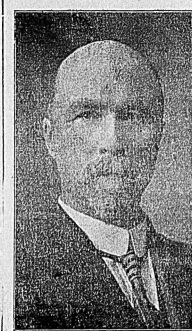

The usual sewing meeting of the Women's Relief Corps will be held next Wednesday at 3.30 p.m. in their rooms above the Merchant's Bank. The Corps wish to send no other help away and would appreciate receiving as much as possible of the finished articles by Wednesday, January 20.

The Relief Corps will be present the same afternoon to receive donations. They are asking for old clothes for local relief and particularly for coats and overcoats for children from 6 to 9 years of age. In asking for these they have in mind two needy families.

A tea will be given by Mrs. C. A. Gouin in aid of the Corps on Friday from 4 to 6 p.m. January 15, at her residence on Lorne Street. Admission 10c.

The card party to be given by the Corps will be postponed until January 22nd and will be held in Campbell's Ice Cream Parlor. Tickets can be secured at French & Thomas Jewellery store. Admission 50c.

To correct an erroneous opinion which seems to have sprung up in the minds of some, the Corps wish to call attention to the following—A statement has appeared in some of the papers to the effect that no more

J. F. FOWLER

Who, on Thursday evening was elected Chairman of the Wetaskiwin Public School Board for the Twelfth consecutive term, and one of the foremost educationists in Alberta.

## Public School Board Meeting

The first meeting of the Board of Trustees for 1915 was held in the Board rooms on January 6. Present: Trustees Fowler, and Manley, and Trustee-elect Ellis, Stevenson and Hinton. The newly elected trustees presented the declaration of office and on motion of Trustee Ellis, J. F. Fowler was chosen chairman for the coming year. The chairman addressed the board, touching upon the work of the past year and the work now in hand. Communications were received and accounts passed for the year. A large attendance in the primary grades and kindergarten, showing an enrollment of 75 in one room, 53, 56, and 48 respectively in three others. After discussion it was moved to arrange for another primary room and replace the teacher that was dispensed with at mid-summer. Applications were read and the position offered to Miss Flora A. Cameron, who has accepted the position and commenced her duties on Monday last.

Chief of Police James wishes the Times to announce that he will be starting shortly to collect all licenses for the year 1915, and it would be a great convenience to him if the ratepayers would arrange to pay these licenses when he calls.

## Third Apollo Choir Concert Best Yet Given

## Miss Bessie Pilkie and Mr. Tom Hughes Delight

Big audience. Fourth Concert Promises to be Better than all previous Efforts.

Those who were present at the third concert given by the Apollo Choir on the 8th inst. will agree that this was the best of the series given so far. We were glad to see so many country people present. It was stated that it was the largest representation seen at a similar affair in Wetaskiwin.

Miss Bessie Pilkie sang the "Minstrel Boy" with great effect, and no doubt the Scotch people present listened to her excellent rendering of "Comin' Thro the Rye" with great appreciation. We would like to hear Miss Pilkie again, when she is in the city. Mr. Tom Hughes, who was singing at the last concert, was also singing at the last concert. We have often heard Mr. Hughes before we were unfortunate enough to lose his valued talents when he left for Edmonton, but never have we heard him to better advantage than at this concert. He is certainly a comedian of the first rank.

The rendering of the Hallelujah Chorus by the choir was one of the best items on the program. The choir sang this piece with great precision, blend and perfect balance. "The Destruction of Gaza" is one of those pieces that has to be given two or three times to be appreciated and we are glad to hear that it has already been requested for the next concert. "The Martyrs of the Aztec" as rendered was much better on the whole than when given previously. Father Walravens acted most efficiently as conductor for this number and brought out the expression most admirably.

We look forward with anticipation to the next concert, the fourth of the series, and we understand that some of the items on the program will be "The Tower Scene" from "The Pirates of Penzance" and the Sextette from "The Mikado".

## Local Improvement

### District Election

The election in the different divisions in local improvement district No. 488 on Monday last created considerable interest and as a result a good vote was polled. The result of the election in the several divisions is as follows:

- Div. 2-Chas. A. Johnson 27; E. W. Keeler, 13.
  - Div. 4-Alex. Roy, 30; L. T. Miquelon, 28.
  - Div. 5-V. E. Thompson, 51; H. Kleinfield, 3.
  - Div. 6-E. R. Rasmussen, 27; John Maynard, 22.
- The council of L.I.D. No. 488 for the year 1915, will therefore be composed of J. G. Wilcher and Amos Doupe, who were elected by acclamation; Chas. A. Johnson, Alex. Roy, V. E. Thompson and E. R. Rasmussen.

## HELP THE BEGINNERS

Never before in the history of western Canada has there been a time when a reasonable measure of well directed paternalism on the part of our governments would be of so much benefit to beginners on the land as right now. There is no question that, despite the high prices of the season and the fact that farmers in some favored districts have done exceedingly well (we know farmers who are almost giving money this year) of there are thousands of homesteaders who, to use a current phrase, are "actively up against it." The drought of 1914 simply swept everything in some of the newer portions of the country, and in some other districts the early fall frost did considerable damage.

We are glad to know that our governments, both federal and provincial, are actively co-operating to the aid of the homesteaders. Much of this work, admittedly, is carried on quietly. Let it, however, be just as thorough and as widespread as the exigencies of the case demands.

One of our subscribers, in a letter hits the nail on the head when he says: "If more of our small men can be kept on the farm, and the land put into companies hands, it will be better for all." That's the point exactly. One exemption law as some of our subscribers have lately stated, although all very well as far as they go, do not always protect the beginner to the extent of keeping the way open for him to go on farming. Even under the protection of the exemption laws, moneyless beginners, when they experience a streak of really hard luck, are apt to go to the wall for the need of a very small amount of financial aid at the right moment. Where the case of the land of the new settler gravitates into the hands of some company and either becomes tenanted or else it is leased. The rural home, the old work of the ranch, and the family of the beginner, with their red shawl are just as much a unit, as are the family of the old settler, where the piano stands in the parlor and the automobile at the front door. Homes preserve the humble homes of beginners. Keep the beginners on the land.

fect, that is our plea. In one respect the homesteader who has not yet received his patent, is probably in a better position right now than those who have purchased land. To a certain extent the Dominion government keeps the homesteader under its wing; but the purchaser of land lies outside of this circle of protection.

## UNITED FARMERS ARE TO CONVEY THIS MONTH

Edmonton will this month be host to upwards of 500 delegates who will attend the seventh annual convention of the United Farmers of Alberta. The big farmers' convalescence will open Tuesday, January 19, and a busy program has been drafted for three days. Should lengthy discussions make it necessary, the convention will be extended into Friday.

The major problem of the rural life and agriculture will be thoroughly discussed and it is expected that some interesting discussion of the methods of the Alberta Farmers' Co-operative Elevator Company will be heard. A resolution seeking the reduction of the number of accredited delegates to the convention will be among the matters considered.

Special efforts are being made to provide an interesting program for the women's convention, one which will be of sufficient interest to bring many ladies interested in this portion of the work to Edmonton. A tentative program has been prepared which provides for half hour addresses on such subjects as how to increase the efficiency of the country school, "Labor saving devices," "Problems of Rural Life," and a number of other subjects. The program as at present constituted provides for three afternoon meetings, of which the first afternoon, Tuesday and Thursday afternoon will be given up to addresses and discussions on same. Wednesday afternoon will be devoted to social or organization work.

The program for the main convention is as follows:

Tuesday, January 19—Official opening of the convention and address of welcome by representatives of the city of Edmonton. Consideration of reports.

Tuesday evening—Consideration of balance of reports, if any, and discussion on the various resolutions.

Wednesday Morning—Further consideration of resolutions. Nominations for president before adjournment for breakfast.

Wednesday Afternoon—Delegates are to arrive at the hall and the vote for president will be taken not later than 3 p.m. Further consideration of resolutions. Nominations for vice president before adjournment for supper.

Wednesday evening—Open evening. Musical entertainment and addresses by visitors and others secured for the occasion. Ladies especially invited.

Thursday Morning—Balance of reports for vice president will be handed to delegates as they arrive at the hall and the vote will be taken immediately. Further consideration of resolutions. Secretary's report of vice president elected. Nominations for director before adjournment for lunch.

Thursday Afternoon—Final consideration of resolutions. Final election of officers. Time permits. Adjournment of convention for 1915. National day.

Thursday Evening—Further consideration of resolutions. Final election of officers. Time permits. Adjournment of convention for 1915. National day.

In the feeding trials conducted by Mr. G. H. Hutches at Lacombe frozen wheat fed to hogs turned out to be worth \$1.10 a bushel when hogs sold for \$6.50 per cwt. This raises the question as to how much better off we are to sell at a dollar or less and sacrifice hogs at the ruling prices.

## BUYING WILL NOT BE DONE IN THE LARGE CENTRES

Horses for the remount units now organized will be purchased at the local level. Many offers of good horses have been received from across the line, but the Dominion government is determined to purchase the animals of Canadian farmers and ranchers only. No horse will be bought in this district for about a week, and in every case the buying will be done within 12 or 15 miles of the farms. In order to give the ranchers a chance to prepare their horses for this sale, eight or ten days' notice will be given and the sale will be fully advertised in the daily press and by posters in conspicuous positions.

Ranchers are advised not to bring the animals into the city unless requested to do so by the proper authorities. It is in order that the ranchers will obtain the full price by selling direct to the government that these sales will be held in every district and not a single horse will be taken from a dealer or a commission man. The only horses which will be bought this month are for the second contingent. It is proposed to purchase 500 horses suitable for riding or for artillery before the first week of February. For this purpose the first sales are advertised at Medicine Hat on January 11 and 12.

In the west, Pat Burns, the well-known cattle king, has been appointed sales commissioner. He, in turn, will elect a committee of two for each district; namely a buyer and a veterinary surgeon. The buying will be done by the elected gentlemen and every animal will be carefully inspected before being finally accepted. On account of the ample notice which will be given in each district, farmers and ranchers will see that in their own interest it is advisable not to rush their animals into the large centres and to ask to do so. Captain J. J. Fry, Canadian Veterinary Corps, as assistant commissioner will personally attend the first sales in order to guide the officials in their work and see that uniformity of method is observed. The remount office is situated at 200 P. Burns building, Calgary, and on account of the military centre for the province, this will now become the concentration camp for the remounts—Herald.

## BUILD UP THE HOME TOWN

If you want to live in the kind of a town, like the kind of a town you live, You needn't slip your clothes in a grip. And start on a long, knif, hike. You'll only find what you're left behind. For there's nothing that's really new. It's a knock at yourself when you knock your town. It isn't your town—it's Yours!

Real towns are not made by m. n. n. Last somebody else gets ahead. When everybody works and nobody shirks. You can raise a town from the ground. And, if, while you make your personal stake, Your neighbor can make one too, Your town will be what you want to see. It isn't your town—it's Yours!

## BANK OF ALBERTA TO ASK TIME EXTENSION

Ottawa, Jan. 9.—The Bank of Alberta gives notice that it will apply to parliament for an extension of the time in which the treasury board may issue a certificate to commence business to April 1, 1915, and to vary the number and personnel of the provisional directors. The Canadian Preferred Insurance Company, of Vancouver, will also seek an extension of time within which it may obtain a license.

## SUFFERED WITH LAME BACK.

Could Hardly Straighten Up For Pain.

When the back becomes lame and starts to ache it is the sure sign of kidney trouble. Kidney Pills cure the aching back by curing the aching kidneys beneath—for it is really the kidneys aching and not the back. This is why "Donan's" cures are lasting—the medicine cures the actual cause of the disease, the kidneys. Mr. J. W. Aylett, South Oshawa, Ont., writes: "I had back trouble, severe, recommending 'Donan's' Kidney Pills. Last summer I suffered with a lame back. Sometimes I could hardly straighten up for the pain. I read about 'Donan's' Kidney Pills and decided to give them a trial. I can truthfully say that after the second box cured me. I can recommend them to all as a sure cure to all suffering with back trouble. 'Donan's' Kidney Pills are 50¢ per box, 4 boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont. AUCTIONEER  
MILLET

THANK YOU

### THE LESSON OF THE HUNDRED YEARS.

On Christmas Eve, one hundred years ago, three men from England, and five men from the United States signed the treaty which ended the war of 1812. The act occurred in the quiet and now famous monastery of the Carthusian Brotherhood in the city of Ghent, in Belgium.

These men had talked for six months about the war, what caused it, and what each side should give or take. But the treaty had not a word about the things for which the two great nations fought. The people wanted peace, and the men they sent to Ghent made peace.

Peace has lasted a hundred years. News was slow in those days, and the last shot of the war was fired at New Orleans on the eighth of January.

Three years later another scrap of paper was signed by men of the two countries. It is known as the Rush-Bagot Agreement, and by its terms the line between Canada and the United States was demarcated, and the fleet of the Great Lakes reduced to four boats which could be blown to pieces in ten minutes by a single modern gun.

Not a shot across the border has been fired since, and not even the most thoughtful defender of the honor of either nation has been bold enough to urge the building of forts or the creation of a navy to protect each from the other.

The century of years, which it was hoped to celebrate with great and splendid ceremony, ends just when the world blazes with battle.

Along thousands of miles of fortified borders in Europe, with armies of millions trained with the highest skill of great soldiers, death comes daily to thousands and the horrors of war are so terrible that they cannot be described.

The lesson is too simple and too plain to miss.

To be prepared for war—indefinitely prepared—does not prevent war.

To be prepared for peace, by agreement and of set purpose, has prevented war between two great nations for a hundred years.

This is the lesson for today, and the hope for tomorrow and for another century of Peace—New Year Independent.

**The Slow, Sluggish, Torpid Action of the Liver is Responsible for Many Ills.**

Milburn's Lax-Liver Pills stimulate the sluggish liver, clean the coated tongue, sweeten the offensive breath, clean away all waste and poisonous matter from the system, and prevent as well as cure all complaints arising from a liver which has become inactive.

Constipation, sick headache, biliousness, jaundice, heartburn, water-brash, catarrh of the stomach, etc., all come from a disordered liver.

Mr. Victor H. McKinnis, Sunningdale, Alta., writes: "I thought I would write and tell you of my experience with Milburn's Lax-Liver Pills. As I am a greatly pleased with the results I received by using them. I was troubled with sick headache for a long time, and would get so sleepy right after I ate my dinner that I could not do any work. A friend of mine, from Toronto, told me of Milburn's Lax-Liver Pills. He told me they had done him no much good for his stomach. I used several pills, and I found they did me so much good that now I cannot think of any one suffering from liver trouble."

Milburn's Lax-Liver Pills are 25c a box. 50c for \$1.00. Sold by all druggists or mailed direct to any one suffering from liver trouble.

### NOTED LECTURER WILL SPEAK HERE ON TEMPERANCE

Clinton N. Howard, the temperance lecturer of Rochester, N.Y., who will address public meetings in Wetaskiwin, and district during the convention of the Alberta Temperance and Moral Reform League, which meets in Edmonton January 21 and 22, will give the first big gun in the Alberta temperance prohibition campaign. The convention will be held in the First Baptist church, Edmonton, and between 200 and 300 delegates are expected to attend from all parts of the province.

Some of Mr. Howard's dates for meetings in his Alberta tour are as follows:

Tuesday, Jan. 19, Red Deer; Wednesday, Jan. 20, Lacombe; Sunday, Jan. 24, Edmonton; Monday, Jan. 25, Wetaskiwin; Tuesday, Jan. 26, Camrose; Wednesday, Jan. 27, Stettin.

He will be accompanied by League workers and his lecture subjects are Adam and Eve and the Baby; Why God Made a Woman; A Man's Relation to His Wife; God's Measure of Mercy; The Right to a Woman; A Joy Ride on the Water-Wa; etc.

### WAR PRICES FOR FOOD ARE GETTING BEYOND ENDURANCE

London, Jan. 9.—Two topics which continue to arouse chief interest here are the increase in the cost of living and the possibility of aerial raids.

Nearly every newspaper has today long articles upon the general advance in food prices. The increase all round is about twenty per cent. Beef is 1d to 2d a pound dearer. The Meat Trades Gazette says the increase in the wholesale price is forty per cent on Argentine frozen beef; 26 per cent on Canadian frozen beef; 34 per cent on Australian mutton. Already a number of butcher shops have closed down.

### 30 PRISONERS OF WAR

Ottawa, Jan. 9.—Thirty men who left as members of the first Canadian contingent are now back in the Dominion under detention as prisoners of war. They were sent back from Salisbury Plain. Almost the entire 49 were men of German or German-American origin. Before the contingent left Canada, a number of them had fallen under suspicion. As a result a number of them were arrested and are now back in Canada.

Many applications are being made for the release of prisoners of war held by Canada from themselves and from their friends. However, they are not likely to be many applications granted because none of the men were confined until after a careful examination into each case.

### ROMANIA GETS BUSY.

Paris, Jan. 9.—It was semi-officially announced today that the Roumanian mobilization has started, and that feverish preparations are now being made by the military authorities to have the army of 600,000 men ready for the field by February 15.

A score of high officials with fervent well known officers of the Roumanian army, have been here for a fortnight conferring with the government and left today for their home.

According to the Paris Press, the Roumanian mobilization will begin in the last week of January, either on three classes, totaling 150,000 men. The mobilization will be completed until 600,000 men are ready for the field.

Switzerland will be asked to take care of Roumanian troops in Germany and Austria, but the cabinet has made no definite arrangements as yet.

When the Canadian Pacific train from Winnipeg arrived in Port William a few evenings ago, an enormous hall was found lying across the fence. The 12 animals had been struck when the train was a few miles from the city but the engineer believed it had been thrown to one side.

January 8th and 9th in Canada published by W. J. Taylor Limited, Woodstock, Ont. and is in a particularly attractive number. The cover out, which represents a heavy family, was specially designed to illustrate a story by H. Morley Bates, entitled "Admission, the city man," descriptive of the everyday life of a particular of the city of Vancouver. Frank Houghton contributes another Carl Ericson story, "Oomah-mah," a dramatic account of the killing of a man on in the Far North, which is characterized by the same quiet humor as was Houghton's story "His First Polar Bear" in the December issue. R. F. Fraser writes of a "For Sale on the Trail," which describes a winter trip by dog team from Cochrane to Rupert House.

Other stories and articles there are and the regular department is interested the sportsman who must perform during the winter months content himself for the most part, by reading of the experience of others while seated by his own fireside.

### CITY OF THE FUTURE.

Town Planning Is Canada's Next Great Step.

Canada is waking up to the immense importance of the city planning and housing question. One of the most significant features of the day is the assembling of the great National Canadian Congress on City Planning at Winnipeg. It is the first gathering of the kind ever held in the Dominion.

Canada's interest in city planning has gone ahead in the last few years. The support of the former Governor-General, Earl Grey, was responsible for the visit of Mr. Henry Vivian, the chairman of the Corporation of City Planning at Winnipeg. In 1910, Mr. Vivian pointed out, in a tour of the country, that there was urgent necessity to plan the cities on well-defined lines, tending to the health of the community and the beauty of the localities. No single man has done more towards the solution of the housing problem in England than Mr. Vivian, and he brought his English experience under the notice of the Canadian public who view the city as something more than a place to make money.

Mr. Raymond Unwin, the greatest of English town planners, visited Canada last year, and experts from the United States have also advised public and private authorities in Canada on questions of urban development on far-seeing lines.

The city of Winnipeg was the first city in Canada to appoint a City Planning Commission. That was done in 1910, and Mr. F. J. Cole, who has a good fund of European experience behind him, was appointed secretary. This commission was appointed by special charter for the sole purpose of studying the growth of the city, and making plans for its future. It consists of twenty-four prominent public men and, with the aid of a staff of experts, has been very productive of much good.

Calgary, Alberta, has followed the example of Winnipeg, and has just elected, for its City Planning Commission, Mr. G. W. Lenson has been selected as secretary, and the commission has been very energetic in its work, going closely into the questions of street improvements, direct lighting and a city center.

Quebec has gone in for the appropriate laying out of the battlements, Toronto has taken up the matter of a federal square, and Ottawa is planning concerning the Parliament buildings and their relation to the surroundings. Vancouver has retained Mr. Thomas Mawson, of England, for the design of a city park system.

The Grand Trunk Railway has laid out its Pacific terminals, Prince Rupert, on the Pacific coast, and the Canadian Northern Railway has laid out its Western terminals, Fort McMurray. This latter railway has in addition laid out behind Mount Royal, Montreal, and commissioned Mr. Frederick G. Todd, landscape architect, to lay out the city as a model city.

The movement towards the cultivation of a progressive city planning, also taking root, and in several cities proposals are on foot for the creation of garden suburbs, in the lines which have been so conspicuously successful in England.

Canada's task to face with a big problem. Try as one may it is impossible to stem the tide citywards. The future of the city as a unit is thus less as to the land, and it is essential that these cities should start right.

City planning is not a fad, but a necessity of the time, and far from being an extravagance, it is a positive economy. It is the best use of city, because the combination of art with utility will at once make for its well-being as a thoroughly equipped sphere of communal property and of individual happiness. It is an attempt to put the city on a firm basis of mass basis.—Guy W. Hayler, M.R.S.I., in Canadian Courier.

**Child Has Four Great-grandmothers.**

There are few children who can boast that they have two grandmothers and four great-grandmothers living, but this distinction can be claimed by Alice, the seven-month-old daughter of Mr. and Mrs. Nelson Culham, Sheffield. The mother of Nelson Culham, Mrs. John Culham, New Sheffeld, is living, as is also the mother of Mrs. Nelson Culham, who is Mrs. John Harris of Brantford. The mother of the child's father is Mrs. James Humphrey, and her mother, Mrs. Elizabeth Humphrey, lives at Lyndon, and Mrs. James Humphrey's mother, who is Mrs. John Humphrey of Troy, is in her ninety-third year.

**An Expensive Job.**

It is commonly said in the Old Country that no man without a good private income can afford to be a member-General of Canada—that the \$30,000 a year which his Majesty's representative receives from the Dominion by no means suffices to meet the expenditure incumbent on the occupant of that exalted post. Indeed, it has been said that financial considerations almost deterred Lord Dufferin, who was very far from being a rich man, from accepting the honorable, if not very onerous, post when it was first offered to him. He that says may. It is certain that most of our Governors-General—notably Lord Lansdowne, Minto, and Aberdeen—the Duke of Connaught—have been men of very large private resources.

**Taking a Chance.**

"Is that picture one of the old masters you were telling me about?" asked Mr. Canrook.

"Yes," replied the art dealer. "It is a genuine treasure—absolutely authentic."

"I'll buy it. I already have three just like it, and somewhere in the bunch I'm liable to hit the original."

**Juvenile Courts.**

In one year 33,000 offenders have been brought before the juvenile courts of England.

### NAVAL GUN TELESCOPES.

Device That Made Possible Accurate Long Range Firing.

It was about the year 1885 that the telescope was first tested in conjunction with the firing of a modern gun. The tremendous concussion broke the lens, however, so that in order to use it at all the telescope had to be detached from the gun before firing, thereby entailing a loss of several seconds in time after each shot.

Later, to obviate this defect, the telescope was adjusted to the axis of the gun by a system of parallel arms moving up and down in unison with the gun, though detached from it. This of course was a great improvement, but there were still grave practical defects.

Well, along in the early sixties Henry C. Mustin, a young midshipman at Annapolis, lean faced and square of jaw, built like a medium sized fiercer, quiet mannered, but a budding in the football field, interested himself in the study of optics. Naturally enough, his thoughts were directed to the defects of the gun telescopes.

The lenses broke when the guns were fired; therefore it was necessary to invent a nonbreakable lens.

One year later, while stationed at Washington, Mustin called a few of his brother officers to the window near his desk on the second floor of a building in the navy yards. He showed them a lens with a metal band "strunk" around its circumference.

Then he opened the window and deliberately threw the lens with all his might upon the brick pavement below. The others knew of his pet hobby and thought he had given it up. He had not. He had taken this way of telling them so. But he put on his hat, lit a cigarette and made them follow him.

He led them down the stairs amid considerable joking and out to the street where the lens lay on the pavement. The glass was unbroken. The one great defect of the telescope sight had been overcome, and Mustin had made possible the long range gunnery of the modern navy. The third of the little glass disk with its metal collar upon the brick pavement was the sign of the nation to begin to build their Dreadnoughts—American Magazine.

### LONG HAired MEN.

They Caused a Vigorous Protest in Massachusetts in 1910.

The following protest signed by Joseph Endicott, governor; Thomas Dwyer, deputy governor; Richard Bellingham, Richard Saltonstall, Increase Novell, William Hibbins, Thomas Flint, Robert Briggs and Simon Bradstreet was published in Massachusetts in 1910:

"Tougest, against wearing long hair, of the governor, etc., of Massachusetts—

"Pursuance as the wearing of long hair, after the manner of Russians and barbarous Indians, has begun to invade New England, contrary to the rule of God's word, which says it is a shame for man to wear long hair, as well as the commendable custom generally of all the people of our nation, until within these few years:

"The magistrates, who have signed this paper, for the showing of our own innocency in this behalf, do declare and manifest our disapproval and censure against the wearing of such long hair, as against a thing unclean and unmanly, whereby men do deform themselves and offend sober and modest men and do corrupt good manners. We do therefore earnestly intreat all the elders of this jurisdiction, as often as they shall see cause, to manifest their zeal against it in their public administrations, and to take care that the members of their respective churches be not defiled therewith, so, such as prove obstinate, and will not reform themselves, may have God and man to witness against them. The third month 10th day, 1910."

**The Stranger.**

A stranger knocked at a man's door and told him of a fortune to be made.

"Um," said the man. "It appears that considerable effort will be involved."

"Oh, yes," said the stranger; "you will pass many sleepless nights and some days."

"Um," said the man. "And who are you?"

"I am called Opportunity."

"Um," said the man. "You call yourself Opportunity, but you look like a hard work to me."

And he slammed the door—"Little burg Post."

**Frenzied Arithmetic.**

Three-year-old Amy, who had a very lively little brother, was being put through a lesson in arithmetic by her mother. She had successfully solved one and one, but stuck at two and one.

"Your mamma," said her mother, "has two children. It she had one more what would that make?"

"Oh," cried Amy, "that would make my mamma crazy!"—Woman's Home Companion.

**A Gentle Hint.**

"I'm hungry," said the out of a job tramps.

"Well," said the kind hearted manager, "can't I give you something to appease your hunger?"

"Surely," replied the other. "I believe I'd prefer a few dimes."—St. Louis Post-Dispatch.

Lou Felland has disposed of his  
interest in the business of E. Pearl  
Limited.

Mrs. Sutherland of Prince Edward  
Island is visiting at the home of Mr.  
and Mrs. H. J. Montgomery.

Victor Weller, of the Dominion Ex-  
press Co. staff, is confined to his  
home through a severe attack of ill-  
ness.

The poultry from the Wetaskiwin  
district made a good showing at the  
Edmonton Exhibition held last week.  
Among those who were awarded prizes  
were Chas. D. Egan, H. R. Higgs,  
Mrs. Chas. D. Egan, and E. R. Has-  
mussen.

W. J. Loggie returned on Monday  
from a visit to the Okanagan Val-  
ley. He attended the marriage of  
his brother, Dr. Loggie, of Arm-  
strong, B.C., which took place at  
Vernon.

Any ladies who may be interested  
in the reading of good literature are  
asked to meet in the Kindergarten  
room, Alexandra school, on Monday  
Jan. 18 at 4.30 p.m. The advisability  
of forming a Ladies' Reading Circle  
will then be discussed.

The Pennant Dance given in the  
Angus Hall on Tuesday evening was  
one of the most enjoyable social af-  
fairs ever held in the city, and much  
credit is due those having the affair  
in charge for the manner in which  
it was conducted. The music, which  
was furnished by Lynch's Orchestra,  
was the best, and the hall was ap-  
propriately decorated for the occa-  
sion.

The Crystals hockey team go to  
Camrose this Thursday evening to  
play the second game in the series  
of this division of the A.A.H.A. sche-  
dule. The boys met defeat on their  
own ice last week, but hope to be  
able to win this contest. The third  
game of the series will be played  
here on Tuesday evening of next  
week.

Mr. and Mrs. John Derry, son and  
daughter, left on Tuesday morning  
for California, where they expect to  
spend the next year. They will re-  
main over for a day or two in Wash-  
ington en route. Their host of friends  
in the city and district wish them  
a most enjoyable holiday, and hope  
to see them return to the district  
in the near future.

H. R. French and A. Duke made a  
clean up with their dogs at the  
Edmonton Dog Show last week. Mr.  
French was awarded two firsts and  
one second with his pointer, Dap, and  
Mr. Duke won two firsts and one  
second with his Irish water spaniel,  
Chrysopae. Boy and Alberta.  
Duke also won two seconds and one  
third. The competition was one of  
the keenest ever held in the west.

The meeting of the Wetaskiwin Ed-  
ucational Club on Friday evening  
last was of particular interest. The  
address was delivered by J. J. Pool,  
B.A., who briefly reviewed the rise  
of the Prussian monarchy from 141  
until the accession of Frederick Wil-  
helm I. in 1713. He also gave an  
account of the character and admin-  
istration of Frederick William until  
his death in 1740. He then briefly  
referred to the character of Freder-  
ick the Great with a short sketch of  
his first and second Silesian wars.  
Mr. Pool also reviewed the cause  
of the Seven Years War and its  
general bearing on European politics  
at this time.

A Christmas party was held at  
the residences of Mr. and Mrs. E.  
Hedstrom last Sunday afternoon.  
Rev. C. E. A. Porek officiating. Mr.  
Rosenthal was godfather and Mrs.  
Agnes Welin, of London, England, as  
godmother, and in whose absence  
Mrs. Dr. Johnson acted as godmother.  
The presents for little Bernice  
were numerous, including bank ac-  
counts, gold pins, special embroidery  
and a gold ring, presents and  
congratulations coming from sev-  
eral countries. Everybody spent the  
evening playing games and enjoying  
themselves till late in the evening.  
Among the most noted absentees was  
John Graham, Esq., a second cousin  
to Prince Bernadotte of Sweden, who  
sent his good wishes and invited  
Bernice to Sweden, he to de-  
fray all expenses. Those present were  
Mr. Rosenthal and son; Dr. and Mrs.

## In The Churches

### KNOX CHURCH

Sunday services at 11 a.m. and 4:30  
p.m. Sunday School at 2.30 p.m.  
The annual meeting of the congrega-  
tion will be held in the church  
on Wednesday evening, January 20.  
It is desired that the congregation  
be largely represented.

### METHODIST

Sunday, January 17.  
Morning, 11 a.m. subject "Pur-  
chase of Macphelah."  
Sunday School, 2.30 p.m.  
Evening, 7.30 p.m. "The Lost Son  
and a Yearning Father."

At a meeting of the Ladies' Aid  
of the Methodist church on Wednes-  
day afternoon it was decided to hold  
a congregational social in the church  
on Tuesday evening of next week.  
All members and adherents of the  
church are cordially invited to at-  
tend.

### EMMANUEL

The annual congregational meet-  
ing of Emmanuel Church was held  
on Sunday evening immediately af-  
ter the service with the pastor, Rev.  
J. H. Sheppard in the chair.

The financial report as read and  
adopted showed a balance on hand  
of \$415.00 when every debt was paid.

The Ladies' Auxiliary of the church  
showed a balance of \$27.5, after  
expending on the church, the rectory  
and grounds the sum of \$227.55.  
The pastor's report for his term of  
office of two months was one hap-  
pily, one marriage, twenty-two pub-  
lic services, seven celebrations of  
the Eucharist, and thirty eight  
parochial visits.

The following are the officers elected  
for 1915:

People's Warden—H. W. Wright.  
Rector's Warden—E. Terry.  
Members of Vestry—Messrs. G. B.  
Campbell, J. Carter, Sgt. Michel,  
C. E. Campbell, A. Hubert, and  
Lay Delegates to Synod—Messrs.  
Mills and Compton.

Heavy votes of thanks were pre-  
sented to Mrs. Poole, who so faithfully  
presides at the organ; to the mem-  
bers of the Ladies' Auxiliary for their  
capable and successful assistance,  
to the Rev. Mr. Alexander, the  
late rector, for his offer to transfer  
his interest in the hall now on  
Railway street to the church grounds  
for parochial purposes.

This parish seems to have entered  
on an era of prosperity and an en-  
richment of the Church. The rector  
has called on every member of the  
congregation to help in this work.

### INSTALLATION OF OFFICERS

The installation of officers of Wetaskiwin Lodge, No. 8, I.O.O.F. took  
place in their hall on Monday evening  
last. Bro. Walter Woods, of Millet,  
was the installing officer, and he  
was assisted by a company of the  
Millet brothers. At the conclusion  
of the meeting refreshments were  
served, and a social time was enjoyed  
by the brothers. The officers for the  
ensuing term are:  
N.G.—J. S. Ford.  
J.P.G.—D. J. McKitterick.  
V.G.—L. A. Sme.

### "Y" NOTES

The regular meeting of the "Y"  
was held on Tuesday evening. Mr.  
Alvin Miller read a very interesting  
and instructive paper on "The Yig-  
nor Laws in Alberta and Lower  
Laws for Minors." This paper was  
followed by one on "Laws in the  
Dominion regarding Women." by  
Miss Knight. Reports were read  
by Miss Capling, detailing the work  
done by the Society during the last  
few months. These reports were  
entirely gratifying in the extreme, showing  
great interest in the work. The meet-  
ing was closed by singing the Tem-  
perance Rally Song.

Brandon, Man., Jan. 13.—A mid-  
dle of the most patriotic and enthusias-  
tic scenes ever witnessed with the  
assemblage on its feet singing the  
national anthem, every member of  
The Manitoba Grain Growers' associa-  
tion in convention here tonight  
pledged himself to give in behalf  
of the empire and the worthy cause  
that had brought her into the atten-  
tion of struggle with which she is now  
engaged, the product of at least one  
sore of wheat or other grain from  
the 1915 crop.

George Campbell, residing west of  
Penhold, met with a most painful  
and painful accident on Monday of  
last week. He was having a log,  
when a chip from a knot fell and  
struck him in the right eye, cutting it  
badly and knocking it out. He re-  
placed the eye, and although suffer-  
ing great agony, came into the hos-  
pital, where he was treated by Dr. Col-  
lison, who is hopeful that the sight  
will be saved to a certain extent al-  
though the lens of the eye was badly  
injured—Red Deer News.

A quiet wedding took place at the  
Methodist parsonage on Tuesday of  
this week when Mr. Ray George Dav-  
ies and Miss Christina Jacobson, both  
of Selkirk, were united in the  
holy bonds of matrimony. Rev. M. L.  
Wright performed the ceremony.  
The bride was Miss Helen Dav-  
ies, sister of the groom, while the  
duties of best man were performed by  
Mr. Andrew Goddard. The bride  
was dressed in white satin, trimmed  
with swansdown, and the bridesmaid  
wore blue satin trimmed with swan-  
sdown. After a short honeymoon,  
they will take up their residence in  
Selkirk, where the groom is en-  
gaged in the mercantile business.

W. M. Butler, representing the

zens and making inquiries regarding  
the advisability of opening a branch  
office in the city. We understand the  
information he received is very fa-  
vorable and it is likely that he will  
recommend the opening of a branch  
office here in the very near future.

Chief license inspector Forster has  
prepared a statement of the condem-  
nations during 1914 for infractions of  
the Alberta Liquor License Ordinance.  
The returns show that the small de-  
fective force in the employ of the  
license branch of the Attorney Gen-  
eral's department has been active dur-  
ing the year in the interests of law  
and order in connection with the en-  
forcement of the Alberta Liquor law.  
During the year there were 474 con-  
demns. Fines to the extent of \$34-  
000 were inflicted, and in addition  
to the fines there were prison terms  
aggregating 77 months. These returns  
have nothing to do with the liquor  
cases, such as drunks, etc., which are  
handled by the municipal courts and  
the various cities and towns, but  
have only to do with boot-legging,  
interdiction cases, etc. Mr. Forster  
also announces that John D. Nor-  
sion, who has been in charge of the  
Liquor Branch detective force for the  
past three years, and who has been  
a very efficient officer, on the first of  
January was transferred to criminal  
detective work, and is succeeded by  
Cliff R. McFadden, who has been for  
some years with the Thiel detective  
agency.

his sentence would seem hard to ex-  
plain as a large part of the sen-  
tence had been served—Spectator.

School Inspector Nelson has been  
kept extra busy for some months  
past owing to his having been called  
upon to act as official inspector for  
several districts in his inspection.  
He was relieved of two of the dis-  
tricts this week by the inspectors  
interested in seeing to it that the  
affairs by electing school trustees.  
The two districts referred to are Man-  
itowish in the eastern part of the Cam-  
rose and Willow Creek out west.

Ottawa, Jan. 11.—The government  
has decided on a number of changes  
in order relating to the outbreak  
of foot and mouth disease in the Un-  
ited States, and imposing restric-  
tions on the importation of livestock  
into Canada from that country. It  
has been decided to admit horses in-  
to Canada for special use in livel-  
ing, racing or under exceptional cir-  
cumstances by order of the veteri-  
nary director-general of Canada with  
out danger to the livestock interests  
and who will impose any conditions  
he may deem necessary.

### WETASKIWIN DRUGGIST

HAS VALUABLE AGENCY

T. F. Ball, druggist, has the Wetaskiwin  
agency for the simple mix-  
ture of buckthorn bark, glycerine,  
etc., known as Adulter-ka, the reme-  
dy which has become famous by cur-  
ing appendicitis. This remedy has  
powerful action and drains such sur-  
prising amounts of old matter from  
the body that JUST ONE DOSE re-  
lieves sour stomach, gas on the stom-  
ach and constipation almost IM-  
MEDIATELY. The QUICK action of  
Adulter-ka is astonishing.

## MILLET.

A well attended meeting of members of the Millet Board of Trade was held on Thursday evening last, and much business was done.

A letter was received from the department of natural resources of the C.P.R., asking if some experienced farmers would give an account of their successes (or otherwise) since settling in the neighborhood. Several present spoke well of their capacities and promised to give an account to the department.

It was resolved to erect a large bulletin board in a conspicuous place for the use of members and others to exhibit advertisements of all kinds and a special committee was appointed to carry out the scheme.

A new pamphlet, on a more extensive and elaborate scale, is to be drawn up and widely distributed, all so a large quantity of the Board of Trade envelopes. As funds are rather low to meet the cost of the project, a concert, basket-aid and dance will take place at the Village Hall on the 12th of February next. This will be the best affair of the kind ever held here and a large company is expected to be present.

R. P. Roop, who has been rustling down East for one of his particular hobbies—a Poland China Larder—has returned with what Pete considers to be the one to make other competitors sit up and take notice at the next Edmonton Fair.

The new church of the Latter Day Saints is nearing completion and it is hoped by the members to use it for worship by spring.

The Roman Catholic church is holding a Box social in aid of the mission funds in about three weeks time.

The annual meeting of the council of the Church of England was held on Thursday evening last. The chair was taken by G. Haskin, (document wardens) and there were also present Messrs R. C. Young (People's Warden), T. Smith and A. P. Mitchell, Vestrymen; and A. G. Taylor, secretary. After the minutes of the last meeting was read and confirmed the secretary, read the financial report for 1914, which was noted. An application for a deed of erection, constituting the parish of St. Adelm, was noted and the secretary was instructed to forward it to the Lord Bishop of Edmonton, to whom it was addressed. The Rev. T. B. Streeter nominated Mr. O. Haskin as his warden and R. C. Young was re-elected as the people's warden for 1915. T. Smith, A. P. Mitchell and Henry Vestrymen were re-elected secretary and treasurer. Mr. O. Haskin was appointed lay delegate to attend the Synod at Edmonton and A. G. Taylor as substitute in case of Mr. Haskin's inability to attend. The secretary, treasurer was appointed delegate from the district to the Annual General meeting at Leduc. During the present year the services will be held on the second and fourth Sundays in the month, the next to be on Sunday, January 24.

## A CALL FOR MEN

The province of Alberta wants men to enlist in the army of agricultural recruits to cultivate the soil. She needs men to increase the production of her foodstuffs to feed our men at the front and those in need at home. Men who are not afraid of work, and financially able to make use of the broad acres awaiting development in our great province. The sacrifices made in increasing our food production may not appeal to many, but it is as important as that of filling trenches at the battle front. When our soldiers are called to fight at home or abroad they must be fed and their food must come from the soil.

## SOWING WEEDS IN SEED GRAIN.

In the spring of 1913, officers of the seed branch took samples, representing as accurately as possible the average seed used in the district and over 2,000 samples of various types of seed were analysed. 275 samples of oats were analysed at the Ottawa Seed Laboratory and 547 of these, or 86 per cent, contained an average of 76 noxious weed seeds per pound, the highest number being, 4,388 in the pound. 869 or 88 per cent of the samples contained an average of 229 of other weed seeds, the highest number being 6,954 per pound. With this weed seed content and the report of seedling an average of 6,400 noxious and 20,000 other sorts of weed seeds would be seeded on each acre of land in oats. Barley and wheat also showed similar results. Some of these weed seeds are difficult to clean out, but most of them can be separated by a fan mill, mill properly equipped and well operated. Seed branch.

## COMPLIMENTS

We are always anxious to publish advance notices of future events, which notices are very often supplied to us for publication by various interested parties, who are always anxious to take advantage of our new columns by submitting items for publication. We are willing to publish, in most cases, free of charge, these news items, but it does not seem quite fair for people to avoid themselves of the portion of the news element of the paper and then fall absolutely in providing the newspaper with a report of these various events after they are over. It is more important for the paper from the news point of view to chronicle the particulars of an event that has happened than to announce the coming of an event, and it should be just as desirable to contribute to the details of an event that has transpired as to give the particulars of a coming event. At any rate the publisher of this paper would like to understand that when free notices are given this favor implies the courtesy of a report of the details from the person who requests the advance notice. When asking the newspaper to give you a complimentary notice in the paper, return the compliment. If nothing more than a rough sketch is available, send it in and our editorial staff will prepare it for publication.

## AFTER THE HOLIDAYS

Now Christmas Day is over and New Year's Day is just. I wonder how much longer their spirit's going to last? You've had your little span of Peace on Earth, Good Will.

But what is going to happen when you come to pay the bill? Sure as fate within a month or two some people you admired, are going to do or say something to make you very tired.

And someone else to whom you sent a handsome Christmas gift, will somehow in your little temper make a awful rift.

You wished him Merry Christmas and he wished the same to you. I happy New Year, followed, just to see the thing right through.

Next week perhaps he'll do you in a lullish business deal. Just tell me, gentle reader, how about him then you'll feel.

Perhaps it is a woman, and you a woman, too. You gave her something handsome, with wishes best you knew.

Tomorrow, please, you'll hear that she has called you this or that. Will you continue caring, or call her an old cut?

This world would be a drudy place if I weren't for people in it. Who seem to want to turn things upside down every minute.

But if you would be happy, take my tip when things go bang. Just do the things you know is right and let the rest go bang.

## CALGARY POLICE ROUND UP AN EXPERT GANG OF THIEVES

With the final arrest Friday of the fifth member of an alleged organization of switchmen and others accused of stealing from Canadian Pacific railway freight cars, Chief of Police Cuddy and his men have secured a gain on the side of efficiency and recovered thousands of dollars worth of loot.

The stolen property room at the new police station building is crowded with commodities ranging from many hundreds of pounds of sugar and coffee to 22 rifles and cutlery which the accused are alleged to have stolen from the railway cars by the most ingenious methods.

It seems that the scheme of the accused, according to the police, was to break into the freight cars and a freight train had started to pull out from the city and when nearing the city limits. The goods would be thrown out of the car alongside the track and later a wagon driven by another one of the band would come along the track after the train had passed and pick up the stolen goods. It was then conveyed to a hideout where the men are holding down in the vicinity of the city and cached there.

The detective department of the local police force has been searching the hideout for other stolen property and it is anticipated that a big haul will be made as the thefts from the C.P.R. has been going on for months and have greatly puzzled both the C.P.R. detectives and the local police force.

The gang did not confine their activities to the thefts from the railway cars alone as they also stole from local equipment and supply houses. Among the odd things they picked up was a gasoline engine and a place'smith's forge, also some 2,000 pounds of carbide used for bicycle lamps—Herald.

A large number of licenses to insurance agents doing business in the province are being issued by R. L. Nicholson, of the provincial insurance department. Fire insurance agents pay an annual fee of \$25, and agents of other kinds of insurance pay a fee of \$2. There are nearly two thousand insurance agents in the province.

## FARMERS WARNED

### AGAINST OFFERS OF "NEW" WHEAT.

Regina, Jan. 11.—The department of agriculture has issued the following bulletin:

"Several inquiries have reached the department as to the genuineness of the claims made on behalf of a variety of wheat stated to be Egyptian King. This is wheat which was being offered for sale at points on the Soo line at \$25 per bushel. It is, of course, stated to be very prolific, yielding as high as 120 bushels an acre.

"One would suppose that a person at these times could be induced to pay \$25 per bushel for wheat alleged to yield 120 bushels per acre, but there may be such. The department earnestly requests farmers who have been or may be approached in this matter to investigate before they commit themselves. Such extensive giant claims and such an extortionate price invites suspicion, to put the matter mildly.

"The best course to pursue is to secure from any person who offers such wheat for sale a small sample and then the field husbandry department of the College of Agriculture at Saskatoon for a report on their identity and value."

## HOG CHOLERA IN

### SASKATCHEWAN IS

#### CREATING HAVOC

Saskatoon, Jan. 11.—During the past month upwards of 500 hogs have been destroyed in the vicinity of Saskatoon by order of Provincial Veterinary Inspector McCormick, who has been working in the district ever since outbreak of hog cholera in the summer.

At that time the epidemic was believed to have been caused by the feeding of hotel waste containing raw bacon rind to the pigs and the provincial government has issued warning against the practice.

Instead of the disease having shown signs of abatement however, it seems to have increased to considerable extent. In some cases the services of the mounted police have been called to help destroy the afflicted swine. Cases of farmers having 50, 60 and 75 pigs destroyed have become fairly common.

## WEED DISTRIBUTION

### BY FEED GRAIN

Ordinary commercial grades of grain coming out of terminal elevators are foul with weed seeds. Analysis of five samples of No. 2 Canadian Western Oats taken from as many as five elevators showed that the terminal elevators showed 313 noxious weed seeds per pound and a much larger number of other weed seeds. In transportation some of these are distributed along the railways and introduced into new localities. Many wild oats and mustards fed in uncrushed oats to horses will live and pollute farm lands. Others become mixed with the manure in handling dirty grain and other feeds. Such feeds should be thoroughly ground and weedy manure should be treated or rotted in order to destroy the vitality of weed seeds.—Seed branch, Ottawa.

An order for 8,000 army shirts has been received in Edmonton from the militia department at Ottawa. The shirts are 000 013 02000 01 02000 has also been received from the British government for or taken on 100,000 pairs of army service trousers.
